### Annual Clean-Up Days Set For June 7 Through 21

Mayor Abernethy has declared the period of June 7 through 21 as Sierra Madre annual clean-up days, which is under the sponsorship of the Chamber of Commerce, with Robert Green, manager of Edison Company, as chairman.

In prior years it has been the custom and courtesy of City Refuse Service to pick up all of the excess materials without cost. This excess cost to the company ran approximately \$1,500, and this makes it impossible for the company to proceed under this program. The City of Sierra Madre, due to close budgeting, also is not in a position where it can take over the added expense. Therefore, each and every citizen is called upon to do his part in making Sierra

Madre a much more clean town for both themselves and their neighbors. Attention is called to the fact that City Refuse Service, the holder of the franchise contract for Sierra Madre for rubbish collection, does have a service for picking up your excess debris at a nominal charge, and by calling them their estimator will pay you a visit and give you an estimate as to the cost of removing the materials. They maintain modern and efficient equipment that will do you an expert job.

### U.S. District Forest Ranger Assigned To Foothill Area

The Forest Service announced this week the assignment of a new U.S. District Forest Ranger to the important Arroyo Seco District of the Angeles National Forest.

Joe Harn, 37, takes charge of the National Forest area north of La Canada, Altadena, Sierra Madre, Monrovia, and Duarte with headquarters at the Oak Grove Ranger Station, La Canada.

Angeles Forest Supervisor William T. Dresser said Ranger Harn is well qualified for this important position, having been with the U.S. Forest Service over eight years, most recently on the Six Rivers National Forest in Northern California as District Ranger, and as Assistant District Ranger.

Harn was a wildlife biologist for the Forest Service on the El Dorado National Forest for three years and formerly was with the California Division of Beaches and Parks in the North Coast area. He is a graduate of Humboldt State College with an AB degree in conservation education, and an MS degree in wildlife management. Ranger Harn, a native Californian, attended high school in Petaluma. ## Base-Ball Dinner Dance Promises Excitement Plus

Excitement surrounds the final arrangements for the annual "Base-Ball" scheduled for June 19th, at La Salle High School. Joanne Anderson, ticket chairman, reports

that a fine crowd will be on hand to celebrate another successful season of Minor and Babe Ruth League in Sierra Madre. This party gives the parents and friends of baseball an opportunity to enjoy themselves and contribute to the support of the eighteen local teams.

The decorating committee, headed by Alma Mays, has used the theme "A Diamond Is a Boy's Best Friend" to guide them in creating a sparkling atmosphere which

will be topped off by a diamond door prize to be awarded to the holder of a dinner ticket.

Maxine Danowsky reports that many local merchants have donated valuable prizes including Brown's Furniture, Lisette, Simpson's Garden-Town, Gullett and Harris, Roberts Market, The Plaza Shop, Heald and Robinson Camera Center, Florence Ceramics of Pasadena; also dinners at nearby restaurants, The Embers, Antique Inn and Woody and Eddy's.

A special thanks was given to La Salle High School who very graciously is permitting the Sierra Madre Baseball Association the use of their facilities for this fund-raising event.

Tickets may be obtained by calling Joanne Anderson, 355-8194.

The committee says: "Come join the party and help give local baseball the biggest boost in many a year."

## Vineyard Opens Cellar

A retail cellar of the Brookside Vineyard Co. will have its grand opening Saturday, June 5 and Sunday, June 6 at 3589 E. Colorado Blvd., near Rosemead, Pasadena.

The unique establishment will feature a tasting room and the public is invited 7 days a week from 10 a.m. to 8 p.m. Marion and Angie Danish are the hosts.

The Brookside winery location in Pasadena will feature 60 varieties of fine wines. Visitors are welcome to taste the wines and judge the excellence. Dessert, aperitif, Danish fruit, red and white table wines and special varieties as well as Champagnes and brandies will be available in bottles and cases at winery prices.

The background of Brookside Vineyard Co. is historic in California. Started originally in Monterey in 1832 by Adolf Vache, the winery transferred to Southern California in 1882. To this day, descendants of the original family—Philo, Rene, Michael and Pierre Biane—continue wine making at the Brookside winery in Guasti. This is headquarters for Brookside, Assumption Abbey and Vache brands. The new Pasadena location is a direct branch winery.

By operating its own Retail Sales Cellars, Brookside now makes fine wines available to the public at winery prices and the tasting rooms are an added attraction for guests.

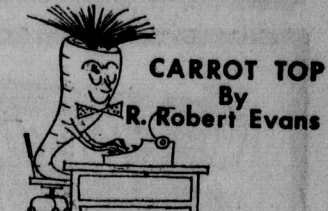

## Kiwanis To Hold Breakfast

Gold will be the theme of the Kiwanis Community Breakfast to be held in Memorial Park on Saturday, June 12. Golden pancakes, topped with golden butter and golden syrup, served in the golden sunshine of a California morning.

Gold certificates given with each breakfast and redeemable for golden discounts at the shops of Sierra Madre Merchants. Golden balloons for the kiddies. And a golden opportunity to meet and chat with friends and neighbors.

Hours of the breakfast are 7 a.m. to noon. A delicious hot-cake and ham breakfast, with juice, coffee, milk, all for one dollar (50 cents for the kids under 12!).

Proceeds from the breakfast will go toward helping to provide picnic tables and barbecue braziers for the newly developed picnic area adjacent to the swimming pool in Heasley Park.

CARROT TOP  
By  
R. Robert Evans

I just cannot imagine what is going to happen to all the men and women of Sierra Madre, when Sierra Madre Estates lots are all sold out and homes are built on every one . . . I am sure the names of Nuetzel and Arclero will fade away as did Shapiro and Toyon Road . . . But fear not, on the bright horizon we see the shining names of McNulty, Bowman and Richter advancing to the fore along with the revival of the new Community Center.

The one thing that astounds me is how did the name Carter and Lilliano miss being drug through the mire? What happened to their popularity? . . . Guess that some of us just do not have the personality to draw the attention of those who constantly work for the good of "all the community," but they may have their day at the bar of reckoning . . . just do not give up, boys, we may be saving you for the great "hereafter."

Of course there are one or two ways we could get the women folk to settle down . . . we could either take away their shoes or get them pregnant . . . of course I made this remark to several people and all of them quickly said that most of them would run about town in their bare feet . . . this leaves only one other alternative . . . it would give them something else to think about for a while . . . don't you think?

Now here is a dilly, while we are on the subject . . . seems that the Department of Interior, in spending the taxpayers' money, comes up with this astounding report . . . they have found a way to control the population boom of coyotes by the use of birth control pills . . . how interesting.

Seems a new synthetic female hormone is fed to coyotes during their once-a-year breeding season . . . can you imagine the government bulletins going out all over the country stating, "calling all coyotes with the urge" . . . "Come in to the government experimental station and get your pills."

Of course we imagine that coyotes will be required to go to a veterinarian for a prescription . . . Most females have to pay an extra office call to get started on the things . . . of course dogs and cats are going to have to wait a spell . . . The Department states that the new drug poses no threat to domestic dogs and cats . . . and that is disappointing news, I would imagine.

June, being recreation month, brings to mind the sad fact that in this busy, high strung age too many of us put the wrong interpretation on that word.

It should be recreation; recreating our strength, our sanity, our good nature, our health. But too often we make it read WRECKreation.

We burst out of our workaday bonds and head purposefully and grimly out to have a good time or bust . . . and bust we too often do, physically and financially. Envy those who know to —Please turn to Page 19

## Large Group To Fool With

Gov. Brown Charged With  
Breaking Faith With Legion

The American Legion has charged Governor Edmund G. Brown of not only breaking faith with the veterans of the state but of breaking a pledge he made to the Legion that he would include \$500,000 in the budget for conversion of empty beds at the Yountville State Veterans Home into intermediate-care hospital wards.

The charge was made by Harry Dennis of Fresno, State Commander of the Legion.

"Earlier this month, I charged the Governor had broken faith with the veterans by not including the \$500,000 in his budget, as he had pledged to do at a meeting with a group of Legionnaires last February," Commander Dennis said.

"Immediately after I made the charge, Joe Farber, the Governor's Director of Veterans' Affairs, issued a statement that I was either misled or misinformed."

"Now the Department admits that the budget request is not the \$500,000 the Governor pledged but less than half of that, \$243,000 to be exact. This in view of the fact that it is generally agreed that \$500,000 is the minimum required for the conversion project."

"I wonder just who is being misled and misinformed? Is it the Governor, who, I understand, was away fishing in Mexico when I attempted to find why the \$500,000 was not in the budget?"

"I wonder if the Governor, who is requesting almost as much for his private plane"

Due to the extremely high cost of pick-up of excess debris, each citizen is asked to accumulate his "throw-away" materials and fill his weekly barrels to capacity until all materials have been hauled away.

If you have large articles such as water heaters, divans, chairs, sinks, logs, tree branches or yard debris, it is suggested that you accumulate these articles in one location and call your rubbish collector at their number and for a nominal cost they will schedule a pick-up and haul away all excess materials.

by LOLITA

Ladies, most of you are aware of what beach excursions can do to your hair. This week let's concentrate on beach problems with the least troublesome of hair... the so-called normal hair. The hot sun not only dries it, but sometimes tends to lift the color a shade or two. It might be prudent to have a wide beach hat or a scarf on hand for protection. After swimming it is wise to rinse the hair, or time and facilities permitting, to have a full shampoo.

Which reminds us... whether it be a shampoo, a permanent, or a fresh, chic, new hair style, your hair will be treated to expert, loving care. ## Bethany Church News

Dr. Robert N. Schaper, pastor of Bethany Church, of Sierra Madre, returns from a four-day conference this week at Hume Lake, California. He was the principal speaker for the California Directors of Christian Education in their annual meeting. During the morning service he will continue the present series of messages on the Book of Hebrews, and

Festival of  
Pentecost To Be  
Observed Sunday

The third major festival of the Christian Church, the Festival of Pentecost, will be observed in the 10:30 Sunday morning worship service at Faith Lutheran Church, 845 Hastings Ranch Drive.

"This festival commemorates the bestowal of the Holy Spirit upon Christ's followers on the fiftieth day after Easter," according to Rev. Armin Hesse. His festival sermon will be entitled "The Holy Spirit as the Revealer." The Junior and Senior choirs will combine to sing Luther's "Come, Holy Ghost, God and Lord."

The service will also be marked by the public reception of a group of new members before the church altar through the rite of adult confirmation and transfer of memberships.

In next Wednesday's 7:30 p.m. Midweek Bible Hour, the pastor will speak on "Learning to Know the Apostles James and Jude," as he concludes the current study series of "The New Testament Penmen." The Voting Assembly will meet thereafter at 8:30.

The staff members of the Children's Vacation Bible School will meet next Tuesday evening at 8. The school will be conducted from June 21 to July 2, for children entering kindergarten in the fall on up through eighth grade. Enrollments may be made by calling the church office, 355-3306, during the forenoons of next week.

Dr. Barnhart  
Announces  
Sunday Services

The place of "desire" in the creative process by and through which God reveals His presence and power as manifest good will be presented by Dr. Ethel Barnhart in her lesson-sermon, "The Power of Desire," at the Santa Anita Church, 225 W. Colorado Blvd., Arcadia, Sunday morning, June 6. The worship services are at 9 and 11 a.m. Infant and child care is provided.

At the 11 a.m. service Certificates of Completion will be presented to graduates of both the first and second year courses in Truth Principles and their application in every-day living. Graduates of the Practitioner's Course also will receive recognition. Through regular prayer, study and application these students have come into an expanded awareness of God and how to be channels through which His Kingdom of Good may be experienced here and now, in their own lives and the lives of others.

Religious education for youth from kindergarten through 25 years of age is conducted at 9 a.m. every Sunday. Trained and dedicated teachers are fitting young people to live in the new age as God-centered individuals.

The public is invited to all services. Our telephone ministry offers spiritual help day or night. Call 447-6162.

O.E.S. Initiation & Breakfast

Bible Lesson  
For Sun., June 6

The healing of the "man which was taken with a palsy" told by Luke (ch. 5) will be featured in the Bible Lesson to be read at Christian Science services Sunday.

The Golden Text is from Psalms (145:9, 17): "The Lord is good to all; and His tender mercies are over all His works . . . The Lord is righteous in all His ways, and holy in all His works."

Selections from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include the following: "Immortal Mind Is the only cause; therefore disease is neither a cause nor an effect. Mind in every case is the eternal God, good, Sin, disease, and death have no foundations in Truth," (p. 415).

The subject will be "God, the Only Cause and Creator."

## Letters To the Editor . . .

Dear Editor:

You are a blessing in disguise, and a boon to the community. I hope all your enemies have turned into the kind of friends you would like to have, for the good you have done in this town. Now that elections are over and all the drives which you have never denied publicity to, let's get to work on another deserving project.

In the last two weeks, I have been on the spot and watched our volunteer Fire Department at work. These men leave their work, dinner, sleep, free-time, the minute that whistle blows and I think the town is indebted to them in many ways. Not only fire-fighting in town, the mountains, accidents, but the Christmas Santa Claus, the Easter Egg Hunt for the kids, and these men DO NOT GET PAID, unless there is a fire between 9 p.m. and 6 a.m.

I hate taxes as much as anyone and we haven't any street lights in our end of town, but doggone I feel guilty every time I see these fellows mop up a fire.

I am not well up on the by-laws of the Town Budget but would certainly like your opinion, because I trust your judgment.

**HOUSE-MOUSE**  
P.S.: No, I am not a relative and have never had a relative on the Sierra Madre Volunteer Fire Department.

**EDITOR'S NOTE:** I'm with you 'House Mouse' one hundred per cent, but as the boys down at the fire house would say this is a "hot one." City Dads are faced with possible purchase of a \$30,000 to \$35,000 fire truck

one of these years very soon. A paid fire department would cost the taxpayers some additional \$58,000 a year. Last year for the budget the department lost approximately \$16,000 of their money toward a new truck to the proposed Civic Center. Personally I do not feel the department is getting a fair shake, so to speak, so why don't we complain.

Of course in the grand fire brigade do not forget the tremendous job Sierra Engineering is doing. About 10 to 12 firemen are employed there, and when that whistle blows they lose those men's productive work until the hose is rolled up and the truck is back in the barn. They have never complained . . . and I doubt if they have ever been given much thanks by the taxpayers.

I wish you knew how hard it is for the fire boys to raise the money for Christmas, Easter and so forth . . . It's like pulling teeth, but you don't hear them complain any, at least I never have. When I see \$3,500 here, \$500 there, \$250 somewhere else raised during the year from the various funds that have not been budgeted, I fail to see why City Dads couldn't throw in a few hundred to assist the boys, at least give them all the hose and personal equipment that will protect them and make them better capable to handle the job they are charged with. \$58,000 for a paid department is a lot of moola, and I am sure a full paid department could not do a better job . . . I'll meet with you at the budget sessions.

## Hurts Everyone In the State

### New Bill Taxes Property Owner At Every Sale

Paul V. Doleshal, president of the Arcadia Board of Realtors today described the property transfer tax measure now before the state legislature as "striking at the wellspring of California's growth by discouraging the sale of real property."

He was referring to a provision in Assembly Bill 2270, the Petris-Unruh omnibus tax "reform" bill which has cleared committee and is now on the floor of the Assembly for consideration.

"This bill authorizes a new burden — a tax on the property owner every time he sells his property," Doleshal said.

"This also means," he continued, "that a new industry coming into California, if this tax were applied, would have to pay for the privilege of locating here. The tax will be on the seller, but he certainly will pass it on to the buyer in the selling price."

Doleshal said the bill provides for a 1 per cent tax on improved property selling for \$15,000 to \$25,000, 1½ per cent over that figure, the transfer tax on undeveloped land as 1 per cent on the first \$25,000, 1½ per cent on the balance. Improved prop-

erty selling for under \$15,000 is exempted, he said.

The measure authorizes county boards of supervisors to impose the tax, "However," he added, "the bill also takes away from the local jurisdictions substantial amounts of other tax monies, so that the adoption of such an ordinance throughout the state by board of supervisors would be almost inevitable."

"We urge the people of this area," he said, "to write their legislators in Sacramento asking them to oppose such a transfer tax as detrimental to the growth of California."

He contended that the exemption for the first \$15,000 is "just window dressing," aimed at eliminating opposition from a large number of small property owners.

"Actually it is clear for many reasons that this transfer tax would bear so heavily upon the economy of California that it would hurt everyone in the state,

## Steve Miller In Bangkok

Fireman Steve C. Miller, USN, son of Dr. and Mrs. Jack S. Miller of 73 W. Sierra Madre Blvd., Sierra Madre is in Bangkok, Thailand, aboard the anti-submarine warship (ASW) support aircraft carrier USS Bennington, after 11 days at sea participating in the South East Asia Treaty Organization (SEATO) training exercise "Seahorse."

Seahorse involved an international force of more than 30 warships from Australia, Britain, Thailand and the United States, and started Wednesday, May 12, near Manila Bay in the Philippines.

The Bennington acted as a mobile landing field for anti-submarine patrol aircraft.

property owners and tenants alike."

Doleshal said that nowhere else in the United States today is the real estate market as active as here in California and that this has been the spark for California's prosperity.

"Commonsense indicates that the imposition of any such transfer tax will act as a grave deterrent to the real estate market in California," he concluded.

## Annual Election of Officers For Sigma Alpha Club Held May 21

An interesting talk on tapestries and their history was the main feature of the May 21 meeting of Sigma Alpha Study club at the Arcadia Public Library. With the president, Mrs. Edgar P. Bradford, in the chair, the annual election of officers was held.

Mrs. Harry J. Grier was elected president for the 1965-66 club year; Mrs. John E. Vanderbur, vice president; Mrs. W. W. Weaver, recording secretary; treasurer; and Mrs. Byron V. Curry, Jr., corresponding secretary. The installation will be held at the annual fun meeting on June 18 at the home of Mrs. C. G. Messenger, 260 W. Longden Ave., Arcadia.

Mrs. Byron V. Curry Jr. was introduced by the seminar chairman for a most enlightening presentation of the history of ornamental fabrics, mostly used as hangings and called tapestries. She told how the wool is supplied by a spindle, the design being formed by stitches across the warp. No decorative weavers were known until about 2,000 B.C.

Mrs. Curry described how in most European tapestries, where weft threads of one color meet weft threads of another color a slit is left in the weaving. When some threads didn't carry clear through this accounted for shorter wearing time. In many oriental tapestries, such as cashmere shawls, weft threads of one color interlock with adjoining weft threads.

The speaker told how the weavers became organized in guilds and how few women worked in factories, though many did at home, of course. Nuns and many ladies in the castles did fine pieces in the Middle Ages. As early as the days of Henry IV, she noted, there

were state shops in France for the paid workers. Those enjoying the program, not already mentioned, were Mrs. Dudley M. Covell, Mrs. John P. Ross, Mrs. Lyman G. Vollintine, Mrs. Eugene Harpole, Mrs. Ardene D. Boller, and Mrs. Nelson K. Barrus, guest.

## Gardening Class Offered By YES

Mrs. David Harris, chairman for Civic Club of the Youth Employment Service, announces that Noble Kuwata, local gardening expert, has prepared a detailed booklet called "The Summer Gardener" which will be explained in detail at a meeting (first of several) to be held Thursday, June 3, at Mrs. Harris' home, 305 N. Mountain Trail, Sierra Madre at 8 p.m. These meetings will be held for several Thursdays in order to acquaint the boys with the fundamentals of gardening and thus be better able to do a good job when called upon for employment.

The Youth Employment Service is sponsored locally by Civic Club in cooperation with the California State Employment Office, Pasadena. The local Chamber of Commerce is donating free use of their telephone and desk space for applicants. Mrs. Fricke of the Pasadena office of the Department of Employment is at the Chamber office Monday through Friday, 2 to 5 p.m.

While the gardening class is helpful to the older boys, 14-21 years of age, many other types of help are needed such as, mother helpers, baby sitting, car washing, ironing, etc.

If you need help in your summer chores, or those that can be done after school, please call 355-7141.

## Financial Assistance Needed

### Bus Riders Face Higher Fares; Service Curtailment

Southern California bus riders face higher fares and curtailed service unless financing legislation is approved at the current session of the California Legislature.

This was the warning voiced recently by Rapid Transit District directors who reported public transit's "self-supporting honeymoon" is over in Southern California.

And unless the bus service-rapid transit engineering monies are authorized, the RTD officials added, rapid transit construction in Los Angeles County will be set back 10 years — at an extra cost of \$300,000,000.

District Director Howard P. Allen said "We no longer can afford the luxury of our present bus service."

"If needed financial assistance is not forthcoming from Sacramento, or from the County Board of Supervisors, we will be forced to raise fares on our bus lines serving commuters in four Southern California counties."

"The community has to face up to a subsidy or face curtailment and inadequate bus service — and the forfeiture of its right to an effective system of Balanced Transportation."

Allen, vice president of Southern California Edison Company, said the public is entitled to, and will ride, a rapid transit system which offers 70 - mile - an - hour travel, frequent schedules, comfortable seating in air conditioned trains and the convenience of automated fare collection along with other features and benefits available with such a high-speed network in operation.

Transit District General Manager C. M. Gilliss and Operations Manager C. T. Bass noted the Transit District, with a 25-cent basic fare, is the last remaining public transit system in a major metropolitan area which, up to now, has paid its own way.

Transit District President Harry A. Faull said the legislative processes are still in full force in Sacramento and, with a demonstrated public demand, the needed rapid transit financing legislation will be approved.

Faull continued: "We would long ago have been stranded in our own tracks if the Legislature had not met the demand of the people for an efficient system of freeways, highways and surface streets."

"This means for moving people must now be complemented by rapid transit, lest we abdicate our mobility responsibilities to a future generation."

## Jewish Sabbath Friday, June 4

Sabbath Eve Services at the Foothill Jewish Temple-Center, 550 S. Second Ave., Arcadia, will be held on Friday evening at 8:15 p.m.

Rabbi Max R. Wasser will officiate, and Cantor Salomon Edelman will chant the liturgy of the service, accompanied by the Temple Choir, under the direction of Philip Deutchman.

The prayer over the Sabbath candles will be offered by Mrs. Sam Wahl. Following the service, an Oneg Shabbat (Sabbath Hour of Fellowship) will be held in the social hall, sponsored by the Men's Club of the Temple and Mr. and Mrs. Sam Wahl.

At this service the congregation will experience a "first" in the life of the Temple when Scout Danny Wahl, son of Mr. and Mrs. Sam Wahl, will be presented with the Ner Tamid award.

The purpose of the Ner Tamid award (counterpart of the "God and Country" award for Christian scouts) is to give scouts of the Jewish faith practical guidance in achieving the spiritual ideals of the Scout Oath and Law within the sphere of Jewish life.

The requirements for this award were developed by the National Jewish Committee on Scouting of the Boy Scouts of America. Scout Danny Wahl has prepared for and fulfilled these requirements under the guidance of Rabbi Wasser.

The medal consists of a bronze pendant representing the Ner Tamid, the Eternal Light, that may be seen above the Holy Ark in every synagogue. It is attached to a blue and white ribbon and a bronze bar pin that carries in Hebrew letter "Ner Tamid," and in English, "Eternal Light."

Guests at this award presentation will include Lee E. Harbottle, Scout Executive of the San Gabriel Valley Council, Boy Scouts of America.

Boys and girls in the congregation who are scouts are asked to attend in their scout uniforms.

## Now's the Time To Be Heard

### 1st Billion Dollar Budget Set For Hearing June 10

by GEORGE JORDAN

Beginning on June 10, probably at 9:30 in the morning, public hearings are to be held in the Hall of Administration, Temple and Hill Sts., on the county's first BILLION dollar budget.

Past budget hearings have been dull affairs, marked by the absence of protesting taxpayers. But this year it will be different. Numerous property owner associations have asked Taxation to coordinate a massive protest on June 10 and 11. (Hearings may even extend over to Monday, June 14).

We must show not only the supervisors but the entrenched bureaucrats and the special interest groups who continually demand greater and greater spending that the public is no longer asleep. We want to FILL the hearing room (capacity about 800) for at least two days.

PLEASE do one of the following things:

1. Plan to be present on June 10 or 11 or both.
2. Bring some friends with you. (Larger groups may find it convenient to charter a bus.) An overflow crowd will show our supervisors that at long last the public will support economy moves.
3. If possible, take the microphone yourself to express yourself upon the proposed increase. If you will send a card to Taxation, 1296 E. Calaveras St., Altadena, telling us on which day you can be there, we will try to have you scheduled to be heard on that day. Friday or Monday are the best days, since Thursday is already packed with requests to be heard.

This is YOUR chance to fight back. The hearings are mandatory and the supervisors MUST hear you. Follow three rules and you will have no trouble:

1. Stick to the subject of the budget and taxes. This is not like a U.S. Senate filibuster, where a speaker may read the telephone

Mrs. Allen Winner, Whittier, was installed as president for the coming year, succeeding Mrs. Janet Oliphant, Arcadia, who served as the installing officer, assisted by Mrs. Jane Bruene, Altadena, past president of the Pasadena NSA chapter.

The new chapter president is secretary to the manager of the Tournament of Roses, Max Colwell.

Other officers inducted into office were Miss Inga-Lisa Ahlrik, Pasadena, first vice president; Mrs. Stella Morrill, Altadena, second vice president; Mrs. Julia Stahl, CPS, San Gabriel, recording secretary; Miss Mary Fiddick, Pasadena, corresponding secretary; and Mrs. Erma Johnson, Sierra Madre, treasurer.

**On The Scales**  
Compare the effectiveness and relief today's prescriptions offer against their cost, we know you'll realize that today's prescriptions are your biggest bargain in history.

For instance, tonsillitis once meant weeks of pain and fever but today is cured within 48 hours with antibiotics. Considering the average prescription costs \$3.31, it's amazing they cost so little yet they do so much.

## PEPTONE

by Deedee & Alice

The Ambassador Hotel was the scene of much tumult and confusion. We were supposed to go and interview the Rolling Stones. It was all set up for four o'clock, when they suddenly had their plans changed due to a taping of Shindig.

Deedee and I were more or less disappointed but decided to make up for it. We went down to a little room and listened to a group that I had never seen or heard anything like before. These boys, known as the Bushmen, were actually very handsome. They had long brown hair that shone in the night.

After a while Deedee and I were sitting at a table when I felt someone tap me on the shoulder. He asked me to dance and I suddenly realized that he was Sammy Davis Jr. It was sort of funny that out of all the girls that were there he asked me, but that's the way the cookie crumbles.

Upon leaving we met the lady that had tried to secure the interview for us. She was terribly sorry at what had happened and told us in two weeks Gerry and the Pacemakers were coming. In a few weeks we will have an exclusive report on what happens.

A noted deejay, Dave Hull, told us in a recent interview that P. J. Proby will be coming to Los Angeles on June 6. You will be hearing more about him in our column.

Want to know something about your favorite singer or singing group? Send a postcard to Deedee and Alice, in care of the Sierra Madre News, Sierra Madre.

### SPECIALIZATION — ?

Some of the most illustrious thinkers in our profession now believe that Pharmacy will one day become as highly specialized as group medical practices — that is with each prescription requiring the services of specialists in one field or another.

There are some real sound reasons for these thoughts too — since there is a growing awareness that many diseases are the result of a wide variety of factors, and that these even differ from one person to another regardless of lineage or environment.

They also confidently predict that when the medicos begin to treat the ramifications of the patient's biochemistry, that the professional pharmacist will be called on more and more to exercise his knowledge of the subtle differences of the many new drugs that will come under his supervision.

We at Hartman Pharmacy are constantly growing with the professions by continuous reading, consultation and education to keep abreast of the rapid advances in the healing arts and we invite your use of our services in any problems you may have in your health. Pharmacy is our profession and we are here to help you.

The club has relinquished the use of the Park House next Saturday to the DAR organization, so there will be no meeting. The following Saturday, June 12, members will meet to enjoy the Kiwanis breakfast and hold their regular social meeting in the afternoon.

Guests of the day were Mr. and Mrs. William Peters of Sierra Madre and Mrs. Ethel Stein of West Covina. Lillian Cason who, with her sister Mary, will leave this week for their new home in La Jolla.

Of all of the ceremonies, graduation rites are one of the most throat lumping of all. The young people in their caps and gowns, all straight backed, eager to face the future, a little frightened to leave the past. "Pomp and Circumstance" with its majestic rhythm spelling out all the hopes and dreams that proud parents have invested in their progeny suddenly on the threshold of realization.

For one glorious moment there is that sense of victory. A goal hard won and completed. Then like the ducks in a shooting gallery tomorrow brings another goal, and yet another, but none will be quite as satisfying as having obtained the first and most exciting challenge.

And in those young people that walk down the aisles to receive their respective diplomas we place our future. They are preparing to do for us as we have done for them. Are they ready and are we ready? No, neither of us are ready alone, but together maybe we can face it . . . . .

Karl and Barbara Deltzel of Meyerloa Lane and Harry and Dorothy Pulaski of Doyme Road are still walking on the clouds from their recent trip together to the Islands. Needless to say they were gaily feted before their departure on May first and from then on it was "fun express" all of the way. They started out on Honolulu for four days touring every nook and cranny as they desired and in their own time. They rented cars and had them waiting at each landing along the trip. They went on to Hawaii for five days, Hilo, Kona Coast, and then to Maui for three days. Before circling back towards home they stayed for five days in Kauai and then returned to Honolulu again for two more days. The most outstanding thing to all of them was the profusion of lush flowers. Orchids growing in front yards like we grow clover.

They spoke of the happy, friendly people with their great warmth for their friends from the mainland. It is a "must" to stay at least part of your trip at the Coco Palms in Kauai, to enjoy island hospitality at its best.

Last weekend people took to the road to enjoy the long holiday. Mrs. Edwin Pyle is a member of a bridge club that has been spending this holiday together for more years than she cared to tell me. This time, as in the past, they all went to Barstow to the Pyle Ranch for a weekend of swimming, bridging, and horseback riding. The other members of the party were Judge and Mrs. R. J. Brownberger of Pomona, Mr. and Mrs. J. M. Bidlake, Mr. and Mrs. Harry Utterson, Mr. and Mrs. Walter Gibson, Mr. and Mrs. Jack Coffman, and Mrs. George Hall.

Memorial day weekend found the Kiern Zebb family camping out in the Joshua Tree area.

The Joseph Philipsons with their daughter Alice left Old House Road on Thursday for a drive to Houston to visit Joe's relatives, Mr. and Mrs. Louis Miller.

The purpose of the trip at this time was to attend the pre-nuptial parties given in behalf of the Miller's daughter Patricia, and her wedding which is probably being held at this very minute. It was the first time in years when the entire clan has been together and certainly couldn't have been for a happier occasion. The parties that were held are in the true and luxurious tradition of the South. However, one of the prime points of interest to the Philipsons was not the parties, but the famed "Domed Stadium."

Dr. Lincoln Wilson and Fran are again enjoying the pleasure of Fran's parents Mr. and Mrs. Frank J. Scheffold who are making their annual visit from Tamm, Illinois. There is only one thing wrong, Fran just refuses to share her Dad and he is just about the cleverest man at making things build and grow that has ever hit this area and he's all HERS . . . Now you'll have to share him Franny!

The Rosemary Cottage Bridge group met at Nancy Mueller's house last week for a few hands of bridge. A couple of our fly-aways came back to join the group for the day. They were Mary Chapman and Irene Fuller. The other guests were Sarah Anderson, Ginny White, Fran Wilson, Madoline Harris, and Marilyn Narowich.

When the Rogers' clan gathers together there are a lot of people involved. Last Sunday they chose to get together at the Irvine Beach home of Mr. and Mrs. Dan Rogers and their three children, Gary, Denny, and Michael. Joining in the group were the Ben Rogers family along with their children Rita, Carol, Don, and Jim, Mr. and Mrs. Jack Miller with their children Carl, Tom, and Ben, and a nephew along the way, Mr. and Mrs. John Rogers with Gayle, John, and Bobby. The guests of honor were the senior Rogers, Dr. and Mrs. Ralph Rogers who will soon be leaving for a trip around the world.

In addition to the family they were joined by Miyoko Hattori, Terry Martinez, and Pat Desper.

After the picnic lunch the young people all found their way to a sunning session on the beach.

Children should be seen and not heard. Defensive driving will always pay.

## Pasadena School's Art Show At Investors S & L

Recognizing the important role Art Education plays in Pasadena's school system, Investors Savings and Loan Association in coordination with the Art Department of Pasadena City Schools is exhibiting selected examples of student art, as a public service, in their lobby at the corner of Lake and Green. Work of unusual interest from junior high, high school and Pasadena City College is featured in the show which the public can view through June 11.

In announcing the exhibit, Verne Orr, president of Investors, said, "We are proud to be part of a community which promotes high goals and purposes. We are appreciative of the many cultural advantages which give distinction to our city. What we do to foster continued excellence today is an investment in a better tomorrow."

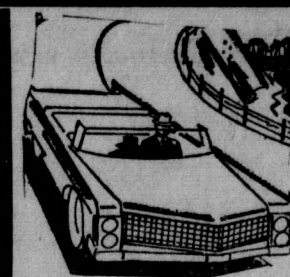

Youldon C. Howell, coordinator of Art for Pasadena City Schools, handled arrangements for the exhibit at Investors. He had this to say about the student art show.

"Creative art experiences are important for the growth and development of all persons. They not only enrich the life of the individual; they insure the cultural development of the community. They are also a vital force in the social and economic life of our country. The future of mankind is chiefly dependent upon the quality and quantity of its human resources. Creative art experiences contribute much to the development of ingenuity and imagination—both essential elements to progress in a world of change."

The public is invited to see the student show Mon-

day through Thursday from 9 a.m. to 4 p.m., Friday from 9 a.m. to 6 p.m. in Investors lobby, 61 S. Lake St., Pasadena, through June 11.

In just one year (1963), your Los Angeles County Heart Association reminds you, the number of Americans who died of cardiovascular diseases (981,860), exceeded the number killed in all the wars of our country's history—from the Revolutionary War right down through the Korean War (602,339).

### Annual Clean-Up

Last year the following debris was hauled away: 90 water heaters, 28 large gas stoves, 38 electric washers, 39 refrigerators, 92 couches, 110 chairs and tons of loose iron, wire, pipe, brick, rocks, cement and sundry items. There were 26 full loads of non-combustible materials and 7 loads of combustible materials, which of course did much to eliminate fire hazards.

Of course, you as citizens, and the City of Sierra Madre as a whole have a lot to consider in the health, welfare and safety of the city and should do everything in their power to make this a real bang-up affair.

Your Chamber of Commerce is constantly working toward making our community a better place in which to live, and does much toward attracting new residents and new businesses to our community. They ask your cooperation in doing everything in your power to eliminate fire hazards and improve the living conditions of your community. Fill your weekly pick-up barrels to the capacity. If you have overload or larger items, call City Refuse any day of the week any week of the year. You will find them willing and able to assist you.

### Forest Ranger

Shelly, 12, Tutl, 10, and 7 year old twins Julie and Joe, plan to make their home in Arcadia.

The Arroyo Seco District covers approximately 84,870 acres of the Angeles National Forest and includes the Angeles Crest Highway, Mt. Wilson, Mt. Lowe, Mt. Harvard, and Monrovia peaks; Arroyo Seco, Santa Anita, Monrovia, West Fork of San Gabriel, and Upper Big Tujunga canyons. The important recreation of Charlton-Chilao lies within the Arroyo Seco District. The District includes some of the most valuable watersheds in the nation above the foothill cities.

Supervisor Dresser said, "We are fortunate in securing Ranger Harn as 'Ranger in Charge' of this district. His background in conservation education and wildlife management fits him well for the many people problems and land management decisions necessary to this important district."

District Ranger Harn replaces Hugh McLean recently promoted to staff officer of Santa Fe National Forest in New Mexico.

### Casa Colina To Elect Officers

Invitations have been mailed for the annual meeting of Casa Colina Rehabilitation Center, Pomona, at the Huntington-Sheraton Hotel, Pasadena, on June 3 at 8:30 p.m. Principal speaker will be Robert L. Bennett, M.D., executive director of Georgia Warm Springs Foundation.

Highlight of the evening will be the announcement of long-range plans for Casa Colina, according to Lawrence G. Crowley, M.D., president of the board of directors. "Casa Colina's plan for expansion of service, education, and research will be presented by Ernest C. Colwell, Ph.D., chairman of a committee which surveyed the communities of Southern California to find the unmet needs that the center could provide," said Dr. Crowley.

Immediately following the meeting will be the election of officers of the board of directors. Mrs. H. Sentman Bryson of Arcadia is chairman of the event. Dinner will precede the meeting. Reservations may be made at the Center, LY 3-1336.

### Funds Vital to Medical Center

### City of Hope Door-to-Door March Sunday, June 6

San Gabriel Valley will see 15,000 march this coming Sunday, June 6, as volunteer "Citizens of Hope," part of the annual "Hope Sunday," drive for the free, nonsectarian City of Hope in Duarte.

A actress Joan Crawford, Southern California chairman of the one-day, door-to-door appeal, called on all residents to respond generously when your City of Hope neighbor calls.

"Funds raised in the Hope Sunday solicitation are vital to the Medical Center's continuing services to the men, women and children of this community," she emphasized.

Miss Crawford pointed out that no patient pays at the City of Hope and admittance is without regard to race, creed or national origin. "The City of Hope's remarkable record of humanitarianism is made possible only through the help of the general public," she noted. "That's why it is so important to open our hearts as we open our doors on Hope Sunday, June 6."

The City of Hope's pilot programs of patient care and research includes such catastrophic diseases as cancer, the leukemias, and diseases of the blood, heart and chest.

After rejecting by a 3 to 2 vote a motion by Supervisor Frank G. Bonelli calling for a public hearing before taking action, the Board of Supervisors recently adopted a motion, also by a 3 to 2 margin, stating that it would impose a special one-year increase in the in lieu tax on automobiles in Los Angeles County if the State Legislature enacts legislation granting permission to place before the people a ballot proposal to finance rapid transit in the County.

Siding with Supervisor Bonelli on both votes was Supervisor Kenneth Hahn.

The Southern California Rapid Transit District's Board of Directors appeared before the Supervisors to request activation of an increase in the in lieu tax on

automobiles by one-half per cent of the market value. This one-time-only tax boost would be a prelude to putting a permanent rapid transit financing program before the electorate for approval, they said.

Supervisor Bonelli declared that the voters should be allowed to vote on any increase in the in lieu tax on automobiles that would be used for rapid transit.

He told the other Supervisors:

"Such an auto tax vote could be included on a special election ballot that

might be held this November (1965) to elect State Senators under the new senatorial district that will be created through the reapportionment bill, and which must be voted upon yet this year in meeting a court mandate.

"Accordingly, there would be no need for the Board of Supervisors to bypass a vote of the people and implement an auto tax increase to support rapid transit as an election could be held within only a few months when reapportionment would be acted upon by a vote of people. Since this could be in November of this year, it is not necessary to wait until a 1966 election date, or later.

Thus, any preliminary action by the Board prior to a vote of the people would not be in the public's best interest."

Representatives from the Automobile Club of Southern California and the Los Angeles Chamber of Commerce asked that the supervisors not take action on the matter until after a public hearing.

The one half per cent in lieu tax would raise an estimated \$15 million and would amount to a 25 per cent increase in the in lieu tax on automobiles, Harry Cheshire, Auto Club general counsel, advised the Board.

**Letters To The Editor....**

Dear Editor:

On three unrelated matters, we have had occasion to be in touch with the Sierra Madre Police Force — the latest, our lost poodle. In all three instances, we were treated with the utmost courtesy and more — genuine concern and helpfulness in our problems. This leads one to wonder what is behind the strong criticism of policemen in general?

When you think of it, isn't it true that the anger against policemen is usually because people are "caught" breaking the law? For instance, who likes to be curbed for a traffic violation even though the officer is doing his job — upholding the law?

Could it just be possible that those who accuse police officers of maltreatment, false arrest, harassment, etc. ("brutality" seems to be a favorite charge) are upset because the police do not condone jungle conduct?

In the past, most abusive language emanated from Capone type mobsters, and decent citizens everywhere understood it for what it was — anarchy, the call for breakdown of law and order — and children were taught respect for the defenders of civilized living.

Today, one hears "civil disobedience" spoken of as an honorable thing by "students," mob demonstrators, beatniks and even some churchmen (How long, O Lord?)

"Civil disobedience" is no more justifiable than disobedience to the law of God, since God is the origin of law and order and civil authority, imperfect though it may be, is a reflection of this basic concept.

It seems to us that the time has come to re-emphasize the moral duty to obey the law and to recognize the vilification of policemen for what it is — a tactic to capture public opinion on the side of the lawless.

Our thanks to policemen everywhere for their courage in refusing to be cowed by amoral men, and especially to Officer Behny and others on the Sierra Madre force who have been so understanding and kind to us.

—MR. &amp; MRS. CHARLES HAMMACK

Dear Editor:

I attended the annual dinner meeting of the Sierra Madre Historical Society, held at the Women's Club. An excellent report was presented by their historian on early movie making in Sierra Madre. The speaker of the evening was an historian-photographer with an outstanding program about ghost towns of the west. The dinner was hearty and reasonably priced, but . . .

I was appalled at the lack of community support for the affair. I consider myself fairly active in Sierra Madre, I patronize our local businesses, etc., but I recognized only three people in the entire gathering and not one recognized me. Who was there? . . . Many early settlers and life long residents of our city. Among them there is a wealth of knowledge of early days and people in Sierra Madre.

I learned through table talk, many fascinating stories. Several of these people had many times taken the over-night hike to arrive at Mount Wilson for breakfast. Some had participated in the early movie making as extras. Their view of Sierra Madre spans more than half a century and it is an impressive one. I learned that this group, primarily through their active board members, works con-

stantly to add valuable material to those records, photographs, and artifacts already stored in the library basement, for lack of a good place to display them.

These records include many eyewitness reports, a small part of which were one time published in the now valuable and rare "Annals of Sierra Madre." Currently the Society is engaged in tape recording historical reports by early Sierra Madrenians. This group is aware that the time for saving this irreplaceable knowledge is growing short.

They are also concerned that no one "younger" in Sierra Madre seems to care. How many of us have ever read the "Annals of Sierra Madre," available at our library, or even know it exists? How many of our children know any town history? Surely some of our local organizations and individual citizens must recognize the contribution being made so quietly by the Historical Society and could have the courtesy to give their support. But the fact is that at this dinner I recognized no representatives from our City Council, our Chamber of Commerce, our PTA, our churches, our fraternal organizations, our service clubs, or our local businessmen, although undoubtedly these Society members support many of their organizations.

Surely in this "small town atmosphere" we so constantly brag and boast about, there can be better support for such a worthy group. What can you do? Join annually (dues of only \$1 per year are now being taken for 1965-66 by Mrs. Clara Sykes, 91 W. Highland) and then show your support by attending their two meetings a year.

Also, I am sure interested organizations could persuade the society to present a program of historical interest to their group. And might there not be enough interested readers to support a small historical column in our newspaper?

I can't believe there is as little interest as there appears to be. The Pasadena paper carries an excellent historical column. Also the recently published historical book on Pasadena has been on the local best seller list for several months.

—MRS. JERRY ASHER

Dear Editor:

While back you remarked that the Chamber of Commerce ought to get on the ball and contact a post card outfit that would take new color, scenic shots of Sierra Madre.

I am glad you brought to our attention that the old stock had been depleted and a new supply should be ordered.

Immediately we contacted Dave Rubinoff of Columbia Wholesale Supply who took six attractive color shots of our beautiful city.

The cards are now on display and for sale at the following stores: Perry's Stationery and Cunningham Stationers, Hartman and Royal Drugs, Reece 5-10 & 25c Store and Arnold's Hardware.

P.S. So there, thanks again.

Dear Editor:

I surely want to thank you for the splendid articles of coverage during the recent school board election. You were forthright in your stories and I am certain aroused the public to the awareness of the issues in the campaign.

It is heartening to know a man of your courage and ability handling the news in one of our neighborhood communities. We are surely indebted to you for all the space you devoted to the school situation.

I hope that I may merit the confidence you placed in me by your endorsement during the campaign. I will constantly strive to see that our young people will have the best education possible in order that the future of our great country will be insured.

BABE RUTH LEAGUE  
GETS UNDERWAY

Jim Nicholoff's White Sox jumped off to an early lead in the first week of BABE RUTH LEAGUE play by grabbing 3-2 and 7-3 wins over Claude Brown's Senators and the Giants managed by George Mays. In other action Bill Diemer's Cardinals shutout the Giants 4-0 and lost to the Senators 4-1.

THE RED SOX, piloted by Lee Skarin, remain the only unbeaten little league team with a perfect 8-0 record after victories over the Dodgers 4-3 and the Orioles 10-2. The rest of the standings: Yankees, managed by Earl La Lone, 4-3; Bob Oetti's Dodgers at 4-3-1; Jack Overholt's Orioles and Doug Tucker's Braves both at 3-5; Don Stuart's Indians 0-6-1.

Other scores last week found the Yankees bombing the Orioles 10-3, Braves nudging the Indians 9-8, Yankees over the Braves 5-4, and the Indians and Dodgers playing to a 4-4 deadlock.

BOB JONES' Stars edged first round champs the Angels, managed by Bob Garigan 9-6, and went into the MINOR LEAGUE LEAD with a 6-2 record. The Angels trail at 5-2, John Coyle's Padres are 4-3, Harold Dapper's Seals 3-4, Bob Talbot's Mounties 2-5, and Jim Oldham's Colts 1-5.

Two of last Saturday's games were postponed until this week. The Mounties outscored the Colts 16-15, the Padres eked out a 30-0 win over the Seals, the Stars whipped the Padres 8-3, in other games.

ON THE FARM the Tigers, managed by Jim Cass are in front with a 4-1 record. Harold Wagner's Pirates are 2-4 and the Mets 2-3. Last week the Tigers bombed the Pirates 23-7, and the Pirates came back to edge the Mets 17-14.

DON'T FORGET the "Diamond is a boy's best friend" dinner dance slated for June 19. It will be a ball.

SKIPPING AROUND THE SPORTS BEAT

ABOUT THE CLAY - LIS-

TON-THING . . . Old Hankus only devoted one paragraph before the fight so it can't be worth more than that now. Actually the "fight" itself can be summed up in just two letters . . . p.u.

The fiasco didn't mark the end of the fight game. Too many suckers around to pay a C-note for ringside seats and five bucks for a theatre ducat. One fellow went to court claiming he was robbed by the theatre management and didn't get his money's worth. Most folks wouldn't admit they paid their way in to see such a disgraceful exhibition.

THING OF IT IS, Cassius Clay, shorn of all the garb that surrounds him, just might be a great fighter. He has size, speed and can hit. He would be a cinch over either Patterson or Chuvalo. Nuff said. I'll take the bantys and the Middleweights every time.

WHILE THE DEMISE of the Yankees seems almost assured, they will play a very important part in the pennant race. Most of the hitters weigh more than their batting average and injuries have played an important part in their early downfall. A hot streak in August will move the former champs into the first division.

OLD HANKUS still likes the Oriole chances. Bauer's

henchmen have hung tough despite a hand injury to Brooks Robinson and Boog Powell plus sub-part performances from Steve Barber and Wally Bunker. The Phils are something else, but don't count them out yet.

NATIVE DIVER AND VIKING SPIRIT, whose recent world's record - equalling duel in the seven-furlong Los Angeles Handicap rates with the Berseem-Imbros race of long ago as the greatest sprints of all time, will go at it again Saturday. This one will be at 1 and 1/16 and you can add it to the Mangayte, George Royal and Quadrangle to the list of threats. Old Hankus will stick with his pet, Viking Spirit.

DAVE GORMAN, now riding at Hollypark at the age of 40, is a former nationally ranked jockey who won the Santa Anita Handicap in 1949 aboard Vulcan's Forge. Remember?

HAPPY REPORT . . . The Albacore are expected to arrive earlier, be more plentiful and come in closer this summer, according to the Bureau of Commercial Fisheries at La Jolla. Oil up the reels lads.

WHAT'S WRONG with Tony Kubek, Dean Chance, Lu Clinton, Norm Siebern, Jim O'Toole, Tom Haller, Dick Radatz, Larry Jackson, Al Jackson, Willie Stargell, Wes Covington and Ron Perranoski?

RUMOR . . . Jin Piersall, the injured Angel, will join the Angels' broadcasting crew, if he is unable to return to the line up — or — when he retires from the game. THE CIRCUS SCOREBOARD . . . are considered strictly "bus" and a little color doesn't hurt the game. Any public address announcer allowed to form the public when player is bashed from the game by an umpire? WHEN WILL the Indiana polis 500 race be shown on home TV?

Elementary School

## LEGAL NOTICE

Among the women pilots taking part in the Powder Puff Derby from July 3 to July 7 will be Sierra Madrean, Mrs. Ginny Graham, and Mrs. Ginny Hall of Pasadena. Mrs. Graham will be the pilot of the twin engine Piper Apache, and Mrs. Hall will be her co-pilot on the 2,407 mile trip.

The 19th Annual Powder Puff Derby, known internationally as the All-Women Transcontinental Air Race, will be flagged off on July 3 from Gillespie Field, El Cajon, San Diego County, California, headed for the finish line at Lovell Field, Chattanooga, Tennessee. The transcontinental aspect requires a must stop at Travis Airport, Savannah, Georgia, before contestants can terminate at Chattanooga. A deadline of noon, July 7, has been set for completing the course.

This 19th annual classic is open to all qualified women pilots flying stock model aircraft, single or multi-engine, 145-400 horse power. Only daylight flying in VFR or "contact" weather as defined by the Federal Aviation Agency is permitted. Winners are determined on a handicap basis computed from established "par speeds" for each make and model of aircraft. Winners cannot be known until all planes have crossed the finish line.

Eighty or more planes will vie for the \$3,000 purse to be divided among the top five winners. Trophies will be given as well as several thousand dollars more in additional prize monies for the best scores between stops, best in each class of aircraft and in other specialized categories.

Among other distinguished guests will be the Hon. Peter Dalton, C.M.G., British Consul General and Mrs. Dalton.

This annual event is open to all, and a very enjoyable day is promised. There will be a display of Highland Dancing, and a good variety of British home cooked specialties, including sausage rolls, tartlets, jams, and etc., as well as needlework and handicrafts.

To fight the current pressure being put on tobacco companies to point out the danger of smoking one of the companies located an old man 104 years old who had been smoking since he was 12.

The company asked permission to interview him on a radio show to be aired over the national hook-up. "Sure," says the old timer, "What time do you want me there?" "About 9 a.m.," said the tobacco company executive. "Can't do it then," says the old guy. "Why not?" "I don't stop coughing till 10:30," was the reply.

**Annual Garden Fete and Fair At British Home**

They will act in conjunction with Mrs. Frank Waters, wife of the British Deputy Consul General, and Miss Mae E. Orchard, president of the Women's Canadian Club, in judging the decorated booths.

Among other distinguished guests will be the Hon. Peter Dalton, C.M.G., British Consul General and Mrs. Dalton.

Mrs. H. Clay Reavis, wife of the city's Mayor, has become a confirmed stay-at-home motorist! Once is enough, but when it comes to twice—that's too much. On her recent automobile trip to visit relatives in Missouri, Mrs. Reavis narrowly escaped injury when her car turned over an embankment and completely wrinkled one side of the machine. Continuing the trip, she was struck by a heavy truck, dragged several hundred feet—but again emerged unscathed. Back at home now, Mrs. Reavis plans to stay put for awhile.

Mr. and Mrs. Ray T. Oelschlager (nee Virginia Roess) are the proud parents of a baby boy born Saturday morning at Belle Vue Hospital. Mother and baby are doing fine.

June 22 has definitely been set for Sierra Madre's annual Morphy Day Chess Tournament, to which members of 60 Southern California chess clubs have been invited, according to C. W. Forman.

40 Years Ago: June 5, 1925  
The Sierra Madre Masonic Lodge held its first meeting in the new Masonic Temple on Tuesday evening. A larger crowd than usual was present and all expressed delight with the new hall.

With all this modern craze for psychic research, there is really nothing new about a family skeleton coming to life!

"Not that we are sufficient of ourselves to claim anything as coming from us; our sufficiency is from God." — 2 Cor. 3:5

## Here Comes Summer

Summer is on its way, and it won't be long until it's here. For those interested in exactness, it will make its official appearance at 9:56 a.m., Eastern Standard Time, June 21.

It's the season of vacations and fun. Almost everyone welcomes and eagerly awaits it. But, every year, that fun is brutally, bloodily and instantly ended for great numbers of people—because of careless, thoughtless and over-enthusiastic practices.

The dangers are varied—but they all can be averted. For instance:

Highway driving will be at its height, and congestion will be common. Adjust and adapt your driving habits accordingly.

Sunbathing is a happy and somnolent pleasure. But too much exposure can make your vacation a time of pain—and even put you in the hospital. Take the sun in moderate doses, particularly at the beginning.

Swimming is summer's classic exercise. Tragically, drownings, run well into the thousands each season. Swimming alone, overestimation of ability and endurance, diving into unknown waters are some of the potentially lethal practices responsible.

The boating boom has reached enormous proportions. Improper boat handling, overloading, failure to have the proper safety equipment aboard, a lack of knowledge of the rules of the road—such needless hostages to fortune as these take a heavy toll of health and life.

So—have fun this summer. But know what you're doing and do it the right way. That is the safe way!

## Golden Tax Source

It is frequently pointed out—because it is frequently necessary in order to keep the record straight—that advocates of public power deliberately ignore the tax contributions of private utilities whenever they claim that tax-free public utility rates offer a yardstick for the power industry.

The value of those tax contributions is clearly demonstrated in the State Board of Equalization's report on assessment values for county property tax purposes of California's 150 utilities—a total of \$4,243,600,000. This is almost a 2 per cent increase from 1964.

Topping the private power utilities is Pacific Gas and Electric Company, with a \$14 million hike to \$1,214,000,000. Southern California Edison is up \$10 million to a \$732 million figure; the Pacific Lighting Group also is up \$10 million to \$318 million.

What holds true for the power industry is equally applicable to other private utilities, of course. Pacific Telephone and Telegraph Company tops the field with a \$1,326,000,000 assessment value, up \$27 million from 1964. The Southern Pacific Railroad's figure increased \$2 million to \$167 million.

When it is realized that taxes levied in California on utility assessments last year produced an estimated \$355 million for local jurisdictions, the value of private industry in the public service field becomes quite clear. It is a golden tax source the state and the nation need if our economic growth is to be maintained.

## Will the Real Tax Need Please Stand Up?

The jolly little state tax imbroglio created by Governor Brown's sudden about face on the need for more revenues has left various Californians in a state similar to that of the chameleon that wandered into a Scotch plaid: filled with conflicting emotions.

The emotions of Speaker Jesse Unruh and his cohorts are plain to see and easy to understand. What of the ultimate man, the taxpayer? The prospect of fewer new levies than he'd been led to expect can't help but be pleasant. But if the Governor was wrong when he presented his bare-bones budget, and his meat-on-the-bare-bones tax proposal, how can the taxpayer be sure his sources of information now are suddenly right?

It fair makes one lose confidence in experts and computers and slide rules. At least, however, it doesn't change one's understanding of politics.

## Poverty Plus \$336

An interesting fiscal coincidence has been unearthed by The Tax Foundation. According to its researchers, the average tax burden of each American family is expected to reach \$3,336 by June 30.

That is \$336 more than income set for each American family in the War on Poverty.

Which creates the interesting puzzle: Shall the WOP up its goal to \$3,336 per family, or shall the IRS and other taxing agencies cut \$336 off their levies?

No prizes are offered for the obvious answer.

## FREEDOM

AT ANY PRICE

By H. V. WITTY

A short time ago the Associated Press reported that Alger Hiss was vacationing in Los Angeles as the guest of identified Communist Frank Wilkinson, head of the Citizens Committee to Preserve American Freedoms. According to the House Committee on Un-American Activities, "the Citizens Committee to Preserve American Freedoms specializes in propaganda aimed at abolishing the Committee on Un-American Activities and discrediting the Federal Bureau of Investigation."

It is interesting to note that the fund raising for the defense of convicted Alger Hiss was done by William Bundy. Bill Bundy is in the State Department and is presently in charge of South East Asian Affairs. Is there not a word to describe "giving aid and comfort to the enemy"? If this "aid and comfort to the enemy" should, by any chance, ever spill over into our policy in Viet Nam, then it would become a rather sobering experience to contemplate the future of the South East Asians!

It has been reliably reported that:

In December of 1963 at San Francisco, the National Chairman of the Student Non-Violent Co-ordinating Committee revealed that their purpose was to create such a crisis in Mississippi that "The Federal Government will have to take over the state." Thus, civil rights was to lead to civil strife which would force Federal seizure. This brings us to the warnings of a number of ex-Communists, that a major objective of the Communist movement in America is to destroy States rights because it is easier to control one Federal Government than to infiltrate and control fifty sovereign states.

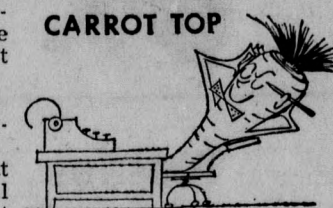

The Senate Subcommittee on Juvenile Delinquency has just issued a report which states that 20 million American children watch TV between 7 to 11 p.m. and that 50 to 60 per cent of this daily four hours is devoted to crime and violence. This report states that 10 years ago 16 to 20 per cent of TV time was devoted to crime and violence.

Our Congress has granted \$30 million to the U.S. Disarmament Agency. This agency plans complete disarmament in 9 years. How will we be able to protect ourselves from those who say they will enslave us? How will we protect ourselves from countries to whom we have given aid and arms? In the past we have given arms to 70 countries. In the past we have given billions of dollars of aid to pro-communist nations. To ease our balance of payments deficits, the Defense Department is planning an annual sale of \$1.1 billion of U.S. weapons to foreign countries. Yet at the same time we are in a disarmament program.

Last August, the Commerce Department issued an export license to allow the shipment of American butter to East Germany. It cost the

American taxpayers \$540,127 to send them this butter because the American taxpayers pay a subsidy of 24½ cents a pound.

According to Representative Richard Roudebush (R-Ind.), the present administration is planning to make Los Angeles the home of a lavish teen-age drop-out center. Comments Congressman Roudebush: "This National Job Corps is setting up a school for girl drop-outs. This school will feature a swimming pool, classrooms, home economics laboratories, arts and crafts rooms and even jukeboxes for parties and dances." During the one-year course, drop-outs will receive a \$30-a-month allowance and a \$600 bonus at the completion of the course. "It would appear," says Roudebush, "that the government hotel-school could encourage more girls to drop out of school for a free year's pleasure trip."

ree-lax. Envy, and emulate them... for they are the ones with big strong muscles, and bodies of strength.

—CT—  
Yes, dear people, we know that a daily newspaper is attempting entry into this area under the guise of a "new paper for Sierra Madre" and a daily paper to boot... for three years we have had a fence around us and like the bulldog that we are, we have been just aching to get outside of that fence, and get to a few of our adversaries... and this may be our chance... we are standing at the fence anxiously waiting.

—CT—  
There never has been and never will be any competition between a daily and a weekly... like a dog and a cat... they are both animals, but have no racial competition... given a chance, a weekly can whip a daily to death... like an elephant, the daily has too many points of attack, so come on boys... make us big... you can do it... your own town will help you, or do you think your foundation base there is strong?... better count up your some seven thousand subscribers and be sure.

—CT—  
In closing the column for this week, we give you this long paragraph for thinking... "There are always before us the outlines of improvement in what we do. Sometimes these outlines are a little dim... sometimes they are sharply clear; the competitive pace decrees that we had better keep striving for the better way. As individuals, and as an organization, there is no escaping the hard fact... when we're through learning, we're through"... and we are just not whistling Dixie, I hope, I hope, I hope.

## OUT OF THE COBWEBS

10 Years Ago:

June 2, 1955

Poppy Day, scheduled for Friday and Saturday of last week, was so successful that all poppies were sold the first day, according to Roy Davis, VFW chairman for the campaign; Mrs. Barbara Heasley, president of the VFW Ladies Auxiliary, and Mrs. Helen Wheeler, all of whom captained the event.

The Arts and Crafts Fair, to be exhibited in the gardens and Parish House of the Episcopal Church of the Ascension this Saturday from 1 to 8 p.m. is attracting participants and visitors not only from Sierra Madre but also from Beverly Hills, Hollywood, San Marino, Pasadena, La Canada, Monrovia, Arcadia and Altadena.

The Girl Scouts of Sierra Madre sold 4,608 boxes of cookies! And that in spite of being the last area in the vicinity to conduct a sale, and having to weather two rainy weekends. Troop 22, led by Mrs. Alyce Herold and Mrs. Alice Winslow, has

received a certificate of merit for selling the most cookies per girl. There are 19 girls in the troop and they sold 513 boxes of cookies.

20 Years Ago:

Sixty-six boys and girls will be graduated from the Sierra Madre Grammar School with the closing of the semester June 15. This will be the largest class ever to graduate here, and appropriate exercises are being planned.

All persons connected in any way with the Blood Bank which operated Friday afternoon at the Woman's Club feel like mentally patting themselves on the back for the success of the affair. The Mobile Blood Bank took away 194 pints of blood—207 donors reported, but 13 were rejected for physical reasons.

Sierra Madre is growing! The News publishers notice a very considerable increase in people and cars on the streets of the business district. A news reporter counted 216 cars parked in and
